- ♡ ***We believe that cancer is not a verdict, and even a small contribution can be vital.***
- ♡ ***We believe that no one should be left alone with his / her problem.***
- ♡ ***We believe that treatment should be available to everyone.***
- ♡ ***We believe that the lack of money should not be a reason for a child to be deprived of the right to receive treatment.***
- ♡ ***We believe that cancer is not contagious, love is.***

City of Smile Foundation

OUR MISSION

City of Smile Charitable Foundation was established in 2014. The founders are a group of hematologists and oncologists. The mission of the Foundation is to stand by children and young adults, through the age of 25, with cancer and blood diseases, and help them and their families in their challenging journey of conquering cancer.

On our way to fulfilling the mission of Foundation, we strive to do our best for the continued development of oncology and hematology in Armenia. The Foundation also supports doctors and medical institutions so that they can provide high-quality diagnosis and effective treatment for their patients.

HOW TO BECOME A BENEFICIARY

All children and young adults, through the age of 25, with cancer or blood diseases, living in Armenia, Artsakh, Javakhk, and being treated in Armenia are eligible to become beneficiary of City of Smile Charitable Foundation.

STEP 1. Upon learning about the disease and receiving the diagnosis, the patient or the patient's family visit the Foundation and submit a written application.

STEP 2. The application and the necessary medical documents are sent to the group of experts of the Foundation.

STEP 3. After receiving the approval from the experts, the patient becomes a beneficiary of the Foundation, after which the Foundation covers the costs related to the beneficiary's treatment in Armenia.

ALLOGENEIC BONE MARROW TRANSPLANTATION

In July 2021, the first Allogeneic hematopoietic stem cell (bone marrow) transplantation has been performed at the Hematology center after prof. R. H. Yeolyan, with the financial support of City of Smile ChF, the Ministry of Health of the Republic of Armenia and Cure2Children Foundation.

The first allogeneic transplantation was performed through the efforts of the renowned Italian specialist Dr. Lawrence Faulkner, M.D., and the Armenian Bone Marrow Transplant Team (ArmBMT). The program is continuous and will be implemented in 2023 as well.

The introduction of the allogeneic transplant program in Armenia is unprecedented and opens great opportunities for the treatment of children and adult patients with malignant blood diseases.

Since the inception of the program till end of 2022 transplantation was done for 5 patients.

FULFILLED DREAMS

***31 children's
dreams came true***

In addition to organizing various events for children, every Wednesday the Foundation presents a dream of one of the beneficiaries on its Facebook and Instagram pages. In 2022, the Foundation's partners and friends fulfilled the dreams of 31 children.

Hundreds of gifts were given to all the children receiving treatment at the Hematology Center throughout the year.

** The realization of children's dreams and the provision of other gifts are realized thanks to the Foundation's partners and friends, and the Foundation does not spend money for their acquisition.*

City of Smile Foundation

Thank you for standing by the Foundation and
our kids fighting cancer.

All this work would have been impossible
without the support of good people.

**Only together we can save
lives!**
