

CITY OF SMILE CHARITABLE FOUNDATION

Page 1

ANNUAL REPORT 2024

Lianna, 14

In Armenia

70-75%

**Of children with cancer fully recover.
According to the World Health Organization, in low- and
middle-income countries, this number is**

30%

Arevik, 3

We believe that cancer is not a verdict, and even a small contribution can be vital.

We believe that no one should be left alone with his / her problem.

We believe that treatment should be available to everyone.

We believe that the lack of money should not be a reason for a child to be deprived of the right to receive treatment.

We believe that cancer is not contagious, love is .

FOUNDATION MISSION

City of Smile Charitable Foundation was established in 2014. The founders are a group of hematologists and oncologists. The mission of the Foundation is to stand by children and young adults, through the age of 25, with cancer and blood diseases, and help them and their families in their challenging journey of conquering cancer. On our way to fulfilling the mission of Foundation, we strive to do our best for the continued development of oncology and hematology in Armenia. The Foundation also supports doctors and medical institutions so that they can provide high-quality diagnosis and effective treatment for their patients.

Artur, 12

HOW TO BECOME A BENEFICIARY

All children and young adults, through the age of 25, with cancer or blood diseases, living in Armenia, Artsakh, Javakhk, and receiving treatment in Armenia are eligible to become beneficiary of City of Smile Charitable Foundation.

STEP 1. Upon being diagnosed, the patient or the patient's family visit the Foundation and submit a written application.

STEP 2. The application among with the necessary medical documents are sent to Foundation experts for further approval.

STEP 3. Once the application is approved by the experts, the patient is eligible to become a beneficiary of the Foundation, after which the City of Smile covers the costs related to the his/her treatment in Armenia.

- 💊 **740,000 AMD** (≈ 1,850 USD) – Medical Equipment

ALLOGENEIC BONE MARROW TRANSPLANTATION IN ARMENIA FOR MALIGNANT DISEASES

In 2023, with the financial support of the City of Smile Foundation, the Ministry of Health of the Republic of Armenia, and the DKMS Center, the first allogeneic bone marrow transplantation procedure was performed at the Yeolyan Hematology and Oncology Center.

The procedure was handled by the Armenian Bone Marrow Transplantation (ArmBMT) team of doctors with continuous advisory support from Dr. Paul-Gerhard Schlegel, a pediatric doctor from the Würzburg University Hospital in Germany.

Maria, 5

ALLOGENEIC BONE MARROW TRANSPLANTATION IN ARMENIA FOR MALIGNANT DISEASES

As of December 31, 2024

16 children

have received allogeneic bone marrow transplantation with the support of the City of Smile Foundation.

The implementation of the allogeneic transplantation program in Armenia is unprecedented and creates great opportunities for treating children and adult patients with malignant blood diseases.

ACHIEVEMENT OF THE YEAR 2024

At the beginning of 2024, thanks to an initiative by the City of Smile Foundation, children with neuroblastoma no longer need to leave their families and go abroad to receive expensive immunotherapy, as treatment is already available in Armenia.

2 children

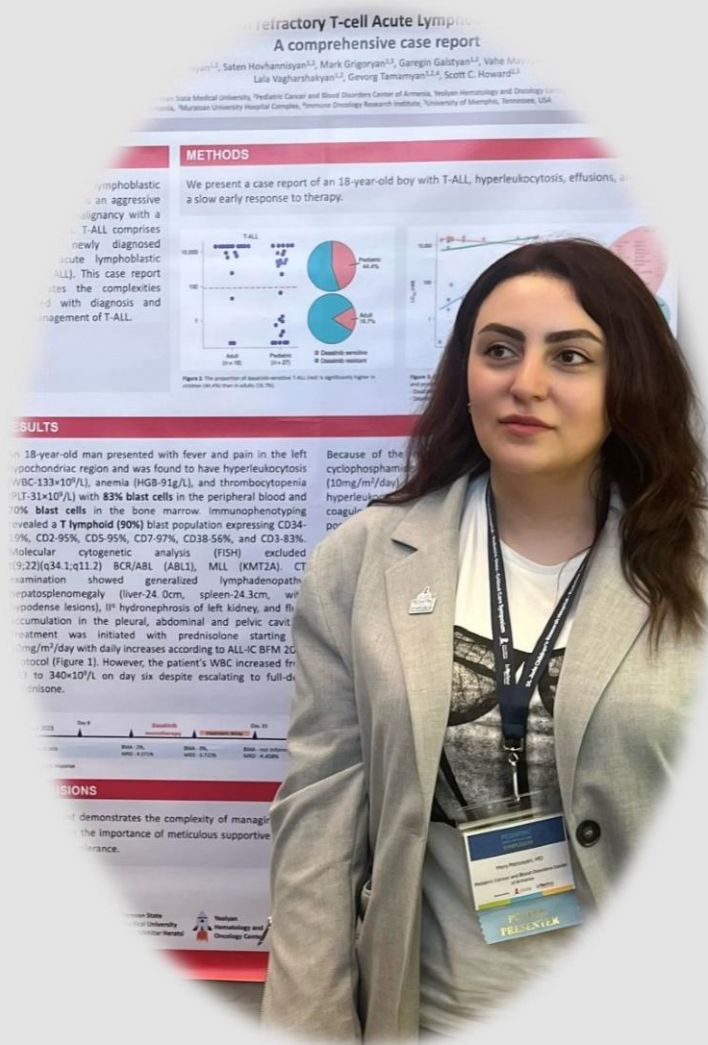

received the needed immunotherapy with the support of the
City of Smile Foundation in 2024.

Areg, 4

Seda, 5

RESEARCH AND CAPACITY BUILDING PROGRAMS 2024

22,758,000 AMD (\approx 56,895 USD)
was allocated to:

Research programs
Capacity building
Medical staff training

6 professionals
received professional trainings
at world-leading clinics.

PSYCHOLOGICAL SUPPORT 2024

2,488,000 AMD (\approx 6,220 USD)
was allocated to provide psychological support to
beneficiaries and their families.

75 children/families
received psychological support.

Recognizing the importance of mental health for children and their families throughout their emotionally and psychologically challenging journey of overcoming cancer, the City of Smile Foundation provides professional support to all beneficiaries receiving treatment and their family members.

DAILY MEALS FOR THE PATIENTS 2024

24,906,600 AMD (\approx 62,266 USD)

was allocated to provide meals to the beneficiaries during inpatient treatment.

9220 daily food packages
were provided to the beneficiaries.

To ensure that all children receive healthy, vitamin-rich, and balanced meals during their treatment, the Foundation provides a four-meal daily food package to all children during their stay at the hospital.

**This program is implemented jointly with partner organizations.*

PEDIATRIC PALLIATIVE CARE CLINIC 2024

34 children

have received needed care and medical assistance at the Pediatric Palliative Care Clinic of Armenia with the support of the City of Smile Foundation, as of December 31, 2024.

In 2021, with the initiative and funding of the City of Smile Foundation and the advisory support of the St. Jude Children's Research Hospital in the USA, the first and only pediatric palliative care clinic in Armenia was opened at the Yeolyan Hematology and Oncology Center. Since the day of its establishment, the City of Smile Foundation has been providing food, medicine, and medical equipment, as well as psychological support to the patients and their families.

REHABILITATION CENTER IN TAVUSH 2024

27 children and young adults

received support at the spiritual-rehabilitation center, which was founded in 2022 in Getahovit village, Tavush region, for children with cancer and their families.

ORGANIZED EVENTS 2024

42

various events were held during the year.

ORGANIZED EVENTS 2024

ORGANIZED EVENTS 2024

In April, the famous actress and TV host Sati Spivakova became the Goodwill Ambassador of City of Smile Foundation. During her visit to the Pediatric Cancer and Blood Disorders Center of Armenia, Spivakova toured the hospital, spoke with the children and their parents, as well as brought gifts for children. Sati Spivakova also performed the play "Canary" in Armenia, and total proceeds of the performance were donated to the Foundation.

In May, the charity intellectual game "What? Where? When?" took place between teams from the IT and financial sector companies. Eight teams united with one goal – to help the beneficiaries of the City of Smile Foundation in their fight against cancer. All the teams and players who won in various categories donated their prizes to the Foundation for the treatment of children with cancer.

ORGANIZED EVENTS 2024

- ♥ In June, the City of Smile Foundation hosted the annual Ladies' Night Charity Dinner. All the funds raised during this beautiful and emotional evening were directed towards covering the treatment costs of children with cancer and blood diseases.
- ♥ In October, the City of Smile Foundation held a charitable Gala Dinner in Los Angeles, USA. This fantastic evening brought together the local Armenian community. All proceeds from the event were directed towards covering the treatment costs of children battling cancer in Armenia.
- ♥ In October 21, the City of Smile Foundation, in collaboration with the State Symphony Orchestra of Armenia, held the traditional "Symphonic Cartoons" charity concert at the Aram Khachaturian Concert Hall. All proceeds from the event were directed towards the treatment of the children with cancer.

ORGANIZED EVENTS 2024

- ♥ In November, the “Sip and Savor” wine tasting event took place in Boston, USA, bringing together the local Armenian community. All proceeds from the event were directed to cover the treatment costs of children with cancer in Armenia.
- ♥ In December, the City of Smile Foundation held its annual charity dinner celebrating 10 years of its work. During the evening, special awards were presented to the organizations that continuously supported the Foundation for 5 years. All proceeds from the event were directed towards covering the treatment costs of the Foundation's beneficiaries.

FULFILLED DREAMS 2024

21 CHILDREN'S dreams came true.

In addition to organizing various events for children, every Wednesday, the Foundation shares the dream of one of the beneficiaries on its Facebook and Instagram pages.

In 2024, the Foundation's partners and friends fulfilled the dreams of 21 children.

Moreover, throughout the year, all children undergoing treatment at the Pediatric Cancer and Blood Disorders Center of Armenia received numerous gifts.

**The realization of children's dreams and the provision of gifts to the patients are realized thanks to the Foundation's partners and friends. The Foundation does not allocate money for these purposes.*
